A simple sum for a VET teacher?

Carolyn Johnstone
Faculty of Education & Arts

My LLN practitioner’s journey

I was 9 years old when I was first asked to be a reading mentor at primary school.

After university, I qualified to teach Maths.

ESOL: The Advanced Australian English Language Course visit to Sydney (January 1994).

From 2001, I recruited Basic Skills practitioners and helped develop the Army’s strategy for Skills for Life.

The British Armed Forces Basic Skills Longitudinal Study (2012) showed what could be achieved in supporting learners.

Embedding the new Functional Skills in all military apprentice programmes was a challenge.

And who knows what is next for me with LLN and Foundation Skills in Australia?

www.niace.org.uk
LLN initiatives in VET

- Programme for the International Assessment of Adult Competencies (PIAAC)
- National Foundation Skills Strategy (NFSS)
- Foundation Skills Workforce Development (FSWD) Project
- Australian Core Skills Framework (ACSF)
- Core Skills for Work (CSfW)
- Foundation Skills Training Package (IBSA)
- TAELLN411 *Address adult LLN skills* a core unit in TAE40110 Certificate IV
- Standards for RTOs 2015
Integrating and embedding?

Let’s hear from VET teachers
