Task 1: Note to Neighbour	Total	11
----------------------------------	--------------	-----------

Hi there,

Your dog seems to be making a lot of noise. It gets worse at night and its really annoying your neighbors. Do you think you could maybe take youre dog for more of a walk or something. That might make him tired and then he will not make as much noise?

Thanks,
Bill at number 3

Task 2: Letter to Council	Total	11
----------------------------------	--------------	-----------

Dear Sir/Madam,

I have written to my neighbor about his dog barking really loudly but he hasnt done anything about it and it still makes too much noise which is keeping my wife and I awake at night.

Can you please contact my neighbour at 5 Smith St, Melbourne and see if they can stop the dog barking so much?

You can contact me to discuss further if you would like.

Kind regards,

Bill Jones
