

## **The cake stall**

Class 5C is planning to make and sell cakes at the school fete.

What are some of your favourite kinds of cake?

---

---

What do you think would be a good way to find out which are the most popular cakes?

---

---

---

Once you find out everyone's favourite cakes, what would be the best way to display that data?

---

---

How many of each cake should be made? How could you work this out?

---

---

How could you work out the profit that would be made on each cake?

---

---

Do you think the cake stall would make enough money to be worthwhile?

---

---
