

Triangular wheels

Draw a sketch of what a cart with one *tree* on each side might look like.

The *tree* cart goes across a flat surface.

Draw the *tree* as it moves forward, and sketch the curve made by the centre of the *tree* as it moves.

The *tree* cart goes across a flat surface with flares burning at the corners.

Draw the *tree* as it moves forward, and sketch the curves made by the burning flares as it moves.
