

HAST is a selection test used by schools to identify academically gifted students for participation in accelerated learning or enhancement programs.

The HAST program delivers:

**Quality**
- Rigorous tests in reading comprehension, mathematical and scientific reasoning, abstract reasoning and written expression
- Tests that discriminate between students at the top-end of performance
- Tests that are skill based rather than curriculum based and designed to identify innate ability rather than acquired knowledge
- Tests that are monitored according to strict performance standards

**Choice**
- Schools can choose from a range of test packages that will meet particular educational needs
- Tests are available at all levels of secondary school including first level entry
- Schools choose the test date

**Service**
- Test package includes test booklets, answer booklets, candidate information bulletin and test administration guidelines
- 10 working day turn around between receipt of the completed tests and the provision of results
- Merit order school report includes raw and standardised scores, percentiles and stanines using Australian referenced data
- Accessible student report charts each individual performance against the cohort
- Complimentary assistance in the interpretation of results
- Customised analysis and reporting available on request

The HAST program is used in secondary schools across Australia and internationally. For a list of HAST participating schools go to: www.acer.edu.au/tests/hast-secondary/participating-schools

<td><strong>Reading Comprehension</strong> (35–40 items) <strong>Mathematical Reasoning</strong> (Junior Secondary – 28 items) or <strong>Mathematics &amp; Science</strong> (Middle and Senior Secondary – 30 items) <strong>Abstract Reasoning</strong> (30 items) Test administration time: 2 hrs 45 mins</td>
<td><strong>$55.00</strong></td>
</tr>
<tr>
<td>4 test package: and 3 test package:</td>
<td>Test packages ordered but not used will incur an unused test package charge</td>
<td><strong>$5.50</strong></td>
</tr>
</tbody>
</table>

- The per candidate rate applies to the final number of candidates who sit the test.
- A minimum per-candidate rate equivalent to 10 candidates applies to each test date.
- A total of less than 10 students will be charged as 10.

### The 2015 per candidate rate includes:

- Candidate Information Bulletin
- Tests
- HAST Answer Booklets
- HAST Administration Guidelines
- Supervisor’s Directions for testing
- Alphabetic and Merit Order Listing of Results – electronic copy
- Individual Student Certificates – electronic or hard copy

The total fee is based on the final number of candidates who sit the test plus one batch charge of $105 for each test date. Schools will be invoiced after results are sent.

---

**Australian Council for Educational Research**
To register your school for HAST return this form to e hast@acer.edu.au or f +61 3 9277 5757 and confirm by phone +61 3 9277 5625.

**See HAST Administration Guidelines for information on test dates and closing dates.**

<table>
<thead>
<tr>
<th>Test Date</th>
<th>Closing Date</th>
</tr>
</thead>
</table>

To meet delivery deadline for tests it is requested that the closing date for applications be a minimum of 7 working days prior to test date.

**See HAST Secondary Test Levels schedule for information on test levels.**

Test level and number of students expected to sit*

Approximate number only – final numbers need to be confirmed 7 working days prior to test date.

| Number of students at the Junior Secondary level | Number of students at the Middle Secondary level | Number of students at the Senior Secondary level |

*Please check with ACER if you are still unsure about the correct test level to select.

**See HAST Candidate Rate Sheet for description and cost details of test packages.**

HAST test packages are available at the Primary, Junior Secondary, Middle Secondary and Senior Secondary levels. The choice of test level is determined by the candidate’s current year level at the time of the HAST test and not the age of the candidate. Test packages can be used for selection into a program in the same calendar year as the test date or for entry in the calendar year following the test date.

---

1 There are no age restrictions to sitting the HAST at the secondary level. While age is taken into consideration in the development of the tests at the Primary, Junior Secondary, Middle Secondary and Senior Secondary levels the age of the candidate does not determine placement into a particular test level.
